Why don’t buildings come with fair trade marks?
Operatorzy żurawi zakładają związek: Jak będzie trzeba, staną budowy w całej Polsce

Katarzyna Brejwo 05 sierpnia 2015 | 18:00

Mówią, że chcą odzyskać godność. Na razie będą rozmawiać, potem zaczną grozić.

Rewolucja zaczęła się na wysokości 225 metrów.

Tyle mierzy dźwig, który w centrum Warszawy obsługuje budowę luksusowego biurowca. Biurowiec ma korpus z betonu i szkła, lekko

“You see, if you don’t study well, you will be digging ditches.”
They told you to build, and not ask for money.
Sometimes we work for 12, 13, even 16 hours per day. This is like a production line.
And how many accidents you see working on a construction site all your life?
This is something that will remain after us and this fascinates me.
