*VOTE AN IDEA* OR *ADD YOUR OWN IDEA* to the poll of KAF Workshop | Retrofit for Purpose – Boro and Ramiz! We need voices to be heard, dreams to be thought further! We need your support and brilliant minds to start with this amazing workshop next week @prishtinaarchitectureweek in Kosovo (region) supported by Future Architecture Platform! And we are looking forward to hearing your suggestions for How-To-Activate Boro and Ramiz building and site in Prishtina, Kosovo!

Fani Kostourou created a poll in KAF Workshop | Retrofit for Purpose – Boro and Ramiz.

Opportunities for urban regeneration in Belgrade's periphery
VLADIMIR MACURA (adopted 2003)

EMILIJAN JOSIMOVIĆ (1867)
‘The strategic goal [...] is the recultivation and improvement of degraded environment, building land recycling, and activation of brownfield locations, i.e. preventive protection from all planned activities which may jeopardise the existing quality of the environment.’

Belgrade City development strategy (2008)

Design strategies

- a) deserted mining sites
- b) derelict settlements
- c) abandoned industries & infrastructure
