Lexicographic research output is GLOBAL
This project has received funding from the European Union’s Horizon 2020 research and innovation programme under grant agreement No 731015.

Lexicographic research output is MULTI-MODAL
ELEXIS objectives

• OBJECTIVE 1: foster cooperation and knowledge exchange between different research communities in lexicography in order to bridge the gap between lesser-resourced languages and those with advanced e-lexicographic experience

• OBJECTIVE 5: promote an open access culture in lexicography, in line with the European Commission Recommendation on access to and preservation of scientific information

• http://er.elex.is search tool
ER.LEX.IS - included so far

- EURALEX proceedings 1983-2016: 1552 papers
- 86 video presentations
- 11 different languages
In the pipeline

• Papers:
  • Conference proceedings (ASIALEX, DSNA, EURALEX, eLex etc.)
  • Papers from open access journals (Lexikos, Slovenščina 2.0 etc.)
  • LexBib resources

• Videos:
  • conferences, workshops, lectures, interviews etc.
  • TED events
  • other relevant lexicographic presentations

• All welcome to submit, instructions on how to prepare files and metadata will be provided
