CeGD 7ePillars development

“Following the cycle of the policy process”

- Policy environment (eGovernance as a tool)
- Legal framework
- ICT business solutions (good practice cases)

**Precondition:** Research and analytical activities.

**Objective / Target:** Narrowing the digital divide gap (solutions vs. needs).

Agenda of the Seminar

• Session 1: Context, policy environment and institutional setting (change) for eHealth
• Session 2: Interoperability as a Foundation for eHealth Services
• Session 3: Good Practice Cases – Innovations for better health
• Session 4: Legal dimension of eHealth
• Session 5: Funding of eHealth Innovations
• Session 6: Roundtable - Building partnerships among stakeholders
