

**We use Natural Gas as a fuel...**

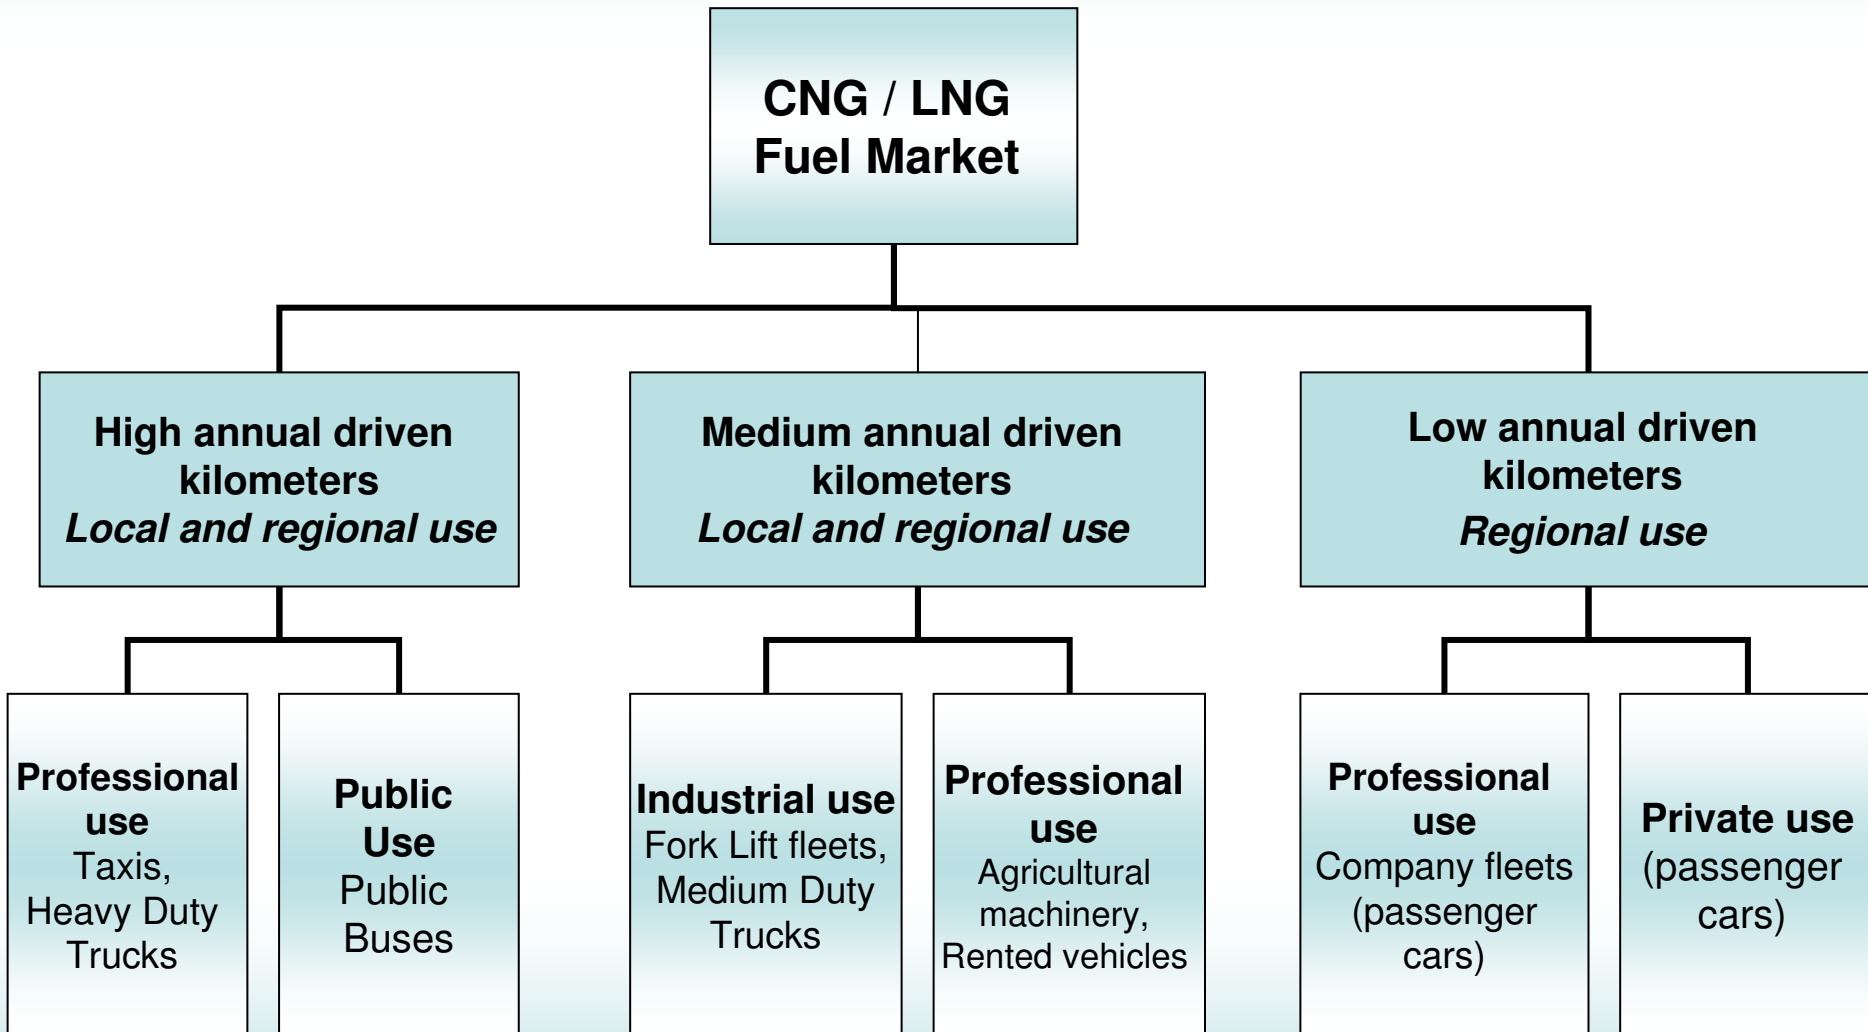

**...for keeping the environment clean**

# THE EXISTING INFRASTRUCTURE

# MARKET SEGMENTS

# PLANNING THE FUTURE

## Intercity Transportation & Logistics:

- CNG, LNG transportation by the Sea and on the Road.
- Natural Gas as a vehicle-fuel for the whole area of Greece.
- Extension of the European “Blue Corridors” in the Greek territory.
- Entering the fuel market for heavy-medium duty trucks, as well as in marine applications for vessels
