

# QUALITATIVE TRANSFORMATION OF THE EU ECONOMIES TOWARDS KNOWLEDGE-BASED ECONOMY AND SOCIETY

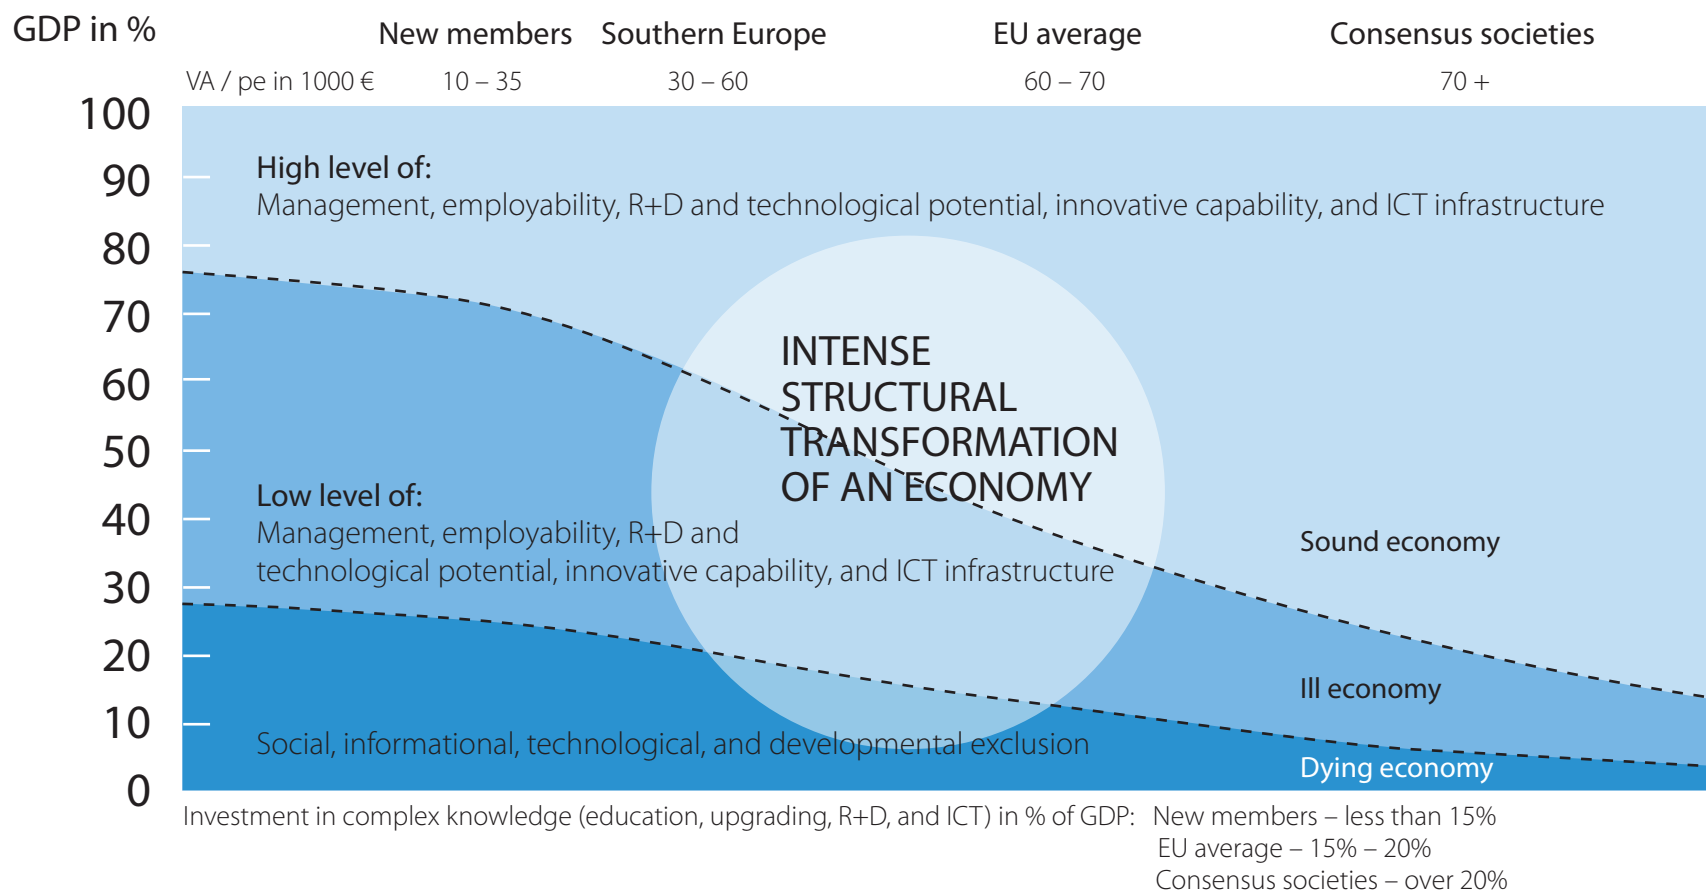

(The assessment for new members, Southern Europe, EU average, and consensus societies)

## CONCENTRATION OF CAPITAL (M+A) AND DEVELOPMENTAL ENVIRONMENT

**Obsolete capitalism**, based mostly on ownership ties (M+A) - national champions

**Winning performance**, based mostly on technological and innovative ties in global business

**Winning culture**, based mostly on knowledge networks in business and society

Sources: Project – *Simulations of sustainable development*, on the basis of IMD, WEF, OECD and other data bases
