New community tools for a new civil movements and engagements.

Uros Strel Lencic, Ordo Group.
The problem is searching for informations and no time for improvement.
The solutions is engaging improvement.

Improvement activity requires the highest levels of process improvement, problem solving and human engagement.
We are developing tools that will enable everyone to be engaged and to improve.
We inspire and engage improvement.
I can talk about this for hours.

Uros Strel Lencic, Ordo Group.
