Research & Education networks:
Taking the distance out of distance education

Domen Božeglav, ARNES,
domen@arnes.si, @domenbozeglav
Who is this guy . . .
ON THE MENU

1. R & E networks
2. Global projects & services
3. Local projects & services
1. What are (National) R&E Networks - NRENs?
How your data travel ...
How are R&E networks organised?
How are R&E networks organised?
GÉANT At the Heart of Global Research Networking

GÉANT and sister networks enabling user collaboration across the globe

April 2013

connect · communicate · collaborate

GÉANT is co-funded by the European Union within its 7th R&D Framework Programme.

This document has been produced with the financial assistance of the European Union. The contents of this document are the sole responsibility of DANTE and can under no circumstances be regarded as reflecting the position of the European Union.
2. Talking global
Supporting Global Collaboration
Radio astronomy
Environmental monitoring and disaster recovery
E-health and biomedical sciences
But what about the E in R&E networks?
Tele-medicine
Campus Best Practice
2. Talking Local
(What YOUR local NREN can do for you)
IT services for education

Connectivity
Cloud (servers, services)
Multimedia
Middleware services (AAI)
Services for end users

More on: "www.arnes.si"
NREN as knowledge provider
NREN as knowledge provider
Annual user conference aimed at universities and schools
Safer Internet Use
Our very first "guerrilla" MOOC
Biggest challenge?
A few ideas
Now it’s your turn. How can we assist you?
THANK YOU!
